

src/io/osio.h

```
graph TD; A[src/io/osio.h] --> B[io/dirent.h]; B --> B;
```

The diagram illustrates a dependency structure between two header files. At the top, a gray rectangular box contains the text 'src/io/osio.h'. A blue arrow points vertically downwards from the bottom center of this box to the top center of a white rectangular box below it. This white box contains the text 'io/dirent.h'. From the right side of the 'io/dirent.h' box, a blue arrow curves upwards and then downwards, ending with an arrowhead pointing back into the right side of the same box, representing a self-dependency.
